

Dear Parents/Guardians,

This letter is to inform you that there are students in your child's school that have a severe food allergy to peanuts/nuts. We are asking for your help to provide our students with a safe school environment. Litchfield School facilities, during school hours, are a nut-free environment.

Any exposure to peanuts/nuts may cause life-threatening allergic reactions that require emergency medical treatment. To reduce the chance of this occurring, we are asking that you do not send any peanut or nut containing products to school with your child that will be eaten in the classroom or cafeteria. If your child has eaten peanuts/nuts before coming to school, please be sure your child's hands and face have been thoroughly washed before entering the school (See the specific guidelines developed based on the student's allergies.).

We appreciate your support of these procedures. Please contact us if you have any questions. Thank you,

Mr. Brian Moser, principal

Mr. Matt Drew, superintendent

Litchfield Public School
