

Litchfield Public Schools will be receiving \$197,641 in ESSER III funds. The school is proposing to spend the money on the following:

- Updated ELA and Math Curriculum that can be used on-line as well as for in person learning at school.
- Extended learning opportunities in ways of After School Program and Summer School.
- Upgrading of Technology for the students and staff. This would help us be able to continue to provide distance learning if needed as well.
